1. Item 3 This item is extremely important as this is the reason for the application. The Notice of Public Meeting for the application and the Decision are both formulated from this item. It is imperative that the applicant clearly indicates all of the variances being applied for in exact mathematical terms with proposed figures. If the applicant has any doubt as to why a variance application is necessary or as to the detail of the nature of the variances then the applicant should contact the Secretary-Treasurer of the Committee of Adjustment for assistance.

Staff processing the minor variance application cannot look beyond the information provided in Item 3 and must process your application on the basis of information in Item 3. **This is your application. Make sure you know the details of exactly why you have to apply to the Committee of Adjustment.**

Any errors or omissions in Item 3 could result in discovery at the meeting that there is need for additional variances or a change requiring recirculation of your application resulting in further delay and in some cases the need for submission of an additional application with a further application fee.

2. Item 9 Refers to the City's Official Plan land use designation and Zoning By-law designation of the subject property. This can be obtained from the Planning Section.

## **6.0 PHOTOGRAPHS**
